BSc Biotech, 2015

Exceptional Resources

Asian Institutions are one of the best-resourced higher educational institutions in the region, with a wide range of facilities, including modern lecture halls, state-of-the-art laboratories, computer pools, Wi-Fi connectivity, world wide database access and online teaching tools.

It is a great experience to be part of Mass Communication Department at Asian Institute of Management and Technology where students from different parts of the Northeast come together to learn and enhance their creativity. The department has a good unit of studios and a better domain to learn from the professionals which help our students to stand in the sun and to strive for excellence.

Dr. Rupa Rani Sonowal
HOD, Department of Mass Communication

Classrooms

The spacious classrooms at Asian Institutions provide the most conducive atmosphere for dynamic and focused discussions. They have been designed to bring together analysis with action and are augmented with integrated audio-visual teaching aids such as LCD Projector for lectures, presentations and studies to provide a congenial learning atmosphere.

Seminar Hall

Asian Institutions have a state-of-the-art Seminar Hall that acts as a platform for students, faculty members and corporate personalities for regular interface, conferences and other events. The Seminar Hall is equipped with advanced presentation tools, sophisticated projection and Hi-Tech Audio systems networked through an Intranet. It is an ideal venue for presentations, meetings, group discussions, seminars, workshops and symposia held regularly by the institutions.

The holistic and goal oriented approach of AIMT towards education shapes students as efficient and competent human assets and responsible citizens with relevant skills, strong morals and high morale, thereby ensuring that everything comes up roses in their lives.

Debajyoti Sarma Borbora, Trainer
Dept. of Training & Placement

Library

The Library at Asian Institutions is an integrated information resource centre stocked with large number of books, periodicals and references, national and international journals, e-journals, audio / video CD's and DVD's and electronic course materials covering all aspects of academic and research material. Designed as learning and information hub, the library has computer access with Internet and learning support.

AIMT has been a pioneer in educating tomorrow's visionaries, conducting cutting-edge education, and leading a broad range of initiatives that validate the transformative power of the student's career. It is assiduously heading towards achieving high academic standards and values while preparing candidates to meet the global standards.

Pallavi Guha, HOD, Computer Science Department

Electronics Lab

Asian Institutions provide state-of-the-art digital electronic lab which enables the students to acquire and develop their hardware skills in accordance with the industrial expectations. They are well equipped with all the latest instruments in order to provide the students sound and updated information in addition to basic knowledge. The following are the equipments available in the laboratory - Cathode Ray Oscillators (CRO), Function Generators, Power Supply, Microprocessor Kits, Regulators, Digital Logic Gates, etc.

Computer Lab

The Centre for Computer Application has computer systems and Network Technology, well equipped High-End Computers having i3, i5 and Core-2 duo Processors. The lab supports the entire number crunching requirements of the department. The latest versions of software and other advanced operating systems provide hands-on training in various fields of computers. The campus hosts a leased internet line which helps the students to update themselves with the recent trends in the industry with online UPS and special furniture for computer users. The lab is provided with an LCD Projector with all necessary peripherals to enhance the quality of training.

Bioscience Labs

The state-of-the-art laboratories allow students to experiment and bring to practice what they have learnt in theory. Further, laboratories with all the latest instruments for experimentation are provided for advanced study in the disciplines of Bioscience viz. Biochemistry, Genetic Engineering, Microbiology, Biotechnology, Chemistry Lab, Cell & Molecular Biology, Tissue Culture and Bio-informatics.

Asian Institute of Management and Technology is among the few top institutions in North-East India. The environment of the institution is conducive with an inspiring academic culture. The course has just re-emphasized my passion for computers and strengthened my knowledge which has given me a boost in starting my career.

Rupam Sharma
Bachelor of Computer Application

Placement Cell

The Training and Placement Cell is an integral part of the institutions. The institutions have provided complete infrastructure for effective functioning of the cell. Training activities are organized throughout the year in an effort towards preparing the prospective students for the campus selection programmes. The cell invites various industries and reputed firms for campus recruitment.

Some of our Recruiters

- TCS iON ■ Infosys ■ SONY ■ Bharti Infratel Ltd. ■ HCL ■ Datapro ■ Airtel
- HDFC BANK ■ ING Vysya Bank ■ ICICI Bank ■ AXIS Bank ■ UBI ■ Indian Bank ■ Bridgestone ■ Unisys ■ Exide ■ Indigo Airlines ■ Edubridge

As a student, I feel very excited about my department and my institute. I am spending quality time out here because I have great faculty members to teach me and wonderful batch-mates to share my thoughts and ideas.

Shreyas Dosi
Bachelor of Mass Communication

Choosing BBA as a course at Asian Institutions was one of the best decision I have ever made in my life. It's a privilege to study in such a friendly environment with supporting and talented faculties.

Aparna Sarma
Bachelor of Business Administration

Photography & Visual Studio

The Photography Studio comprises flash units, professional digital cameras with tripods. The studio also has i-mac computers equipped with the latest software for digital imagery.

The AV Studio comprises a Chroma Studio and shooting floor with the latest professional cameras and audio-visual equipments.

Culture & Events

You can enjoy annual events on campus, including Orientation, Annual Fest, Class Room Events as well as weekly activities and entertainment throughout the year. The Annual Fest is one of the premier events on the student calendar and recognises the sporting and cultural achievement of students at Asian Institutions.

Editing Studio with post-production suite

Asian Institutions has editing studio with post-production suite featuring high-end Mac platform editing machines for streamlined graphic and editing work, Mac stations comprising I-MAC and Mac Pro models with Adobe premiere and Final Cut Pro for professional editing.

The sound lab consists of a semi-acoustically suited setup with Pro Tools and with software like Sound Forge. The studio can be used for live recordings.
